# Problem Statement

”

“Creating large volumes of personalized documents is slow, error-prone, and inefficient.”

## 40%

of workers spend at least a quarter of their work week on manual, repetitive tasks,

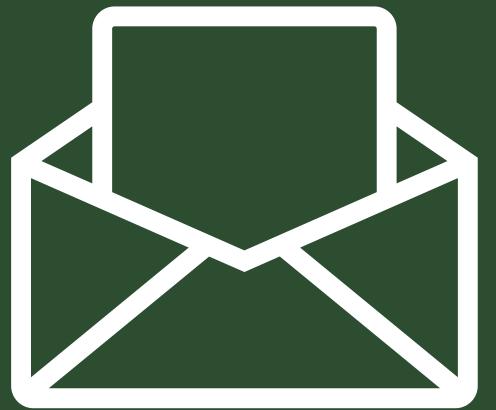

## 66%

report challenges with document approvals and reviews, particularly due to slow, manual processes.

# Solution

“Our SaaS automates bulk document creation, allowing users to generate personalized files and more in seconds—error-free and at scale.”

## Key Uses:

Event Management

Administration & Compliance

Easy to use.

# Market Opportunity

There's a great chance for a packaging eco park because people want green packaging, new laws are coming, and businesses need better options.

The global document management market is increasing ~10% annually. by 2027 it is projected to reach

**\$13.5/billion**

Of companies are actively seeking automation solutions for admin and document tasks.

**70%**

# Business Model

We operate on a subscription-based model, with pricing starting at

\$9/month

**Our primary revenue streams include:**

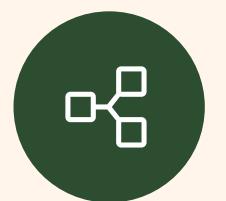

# Go-to-Market Strategy

“We'll drive rapid adoption and scalable growth by combining targeted digital marketing, strategic partnerships with key platforms, and a freemium trial model that converts users into loyal subscribers.”

We plan to acquire customers through:

**Digital marketing**

campaigns targeting small businesses

**Partnerships**

with many other service based businesses

**Participating**

in trade shows and local business events.

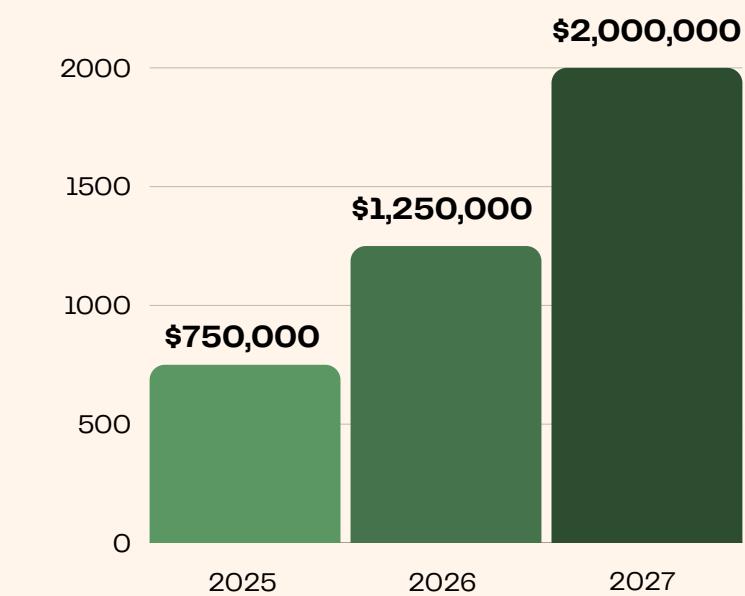

# Financial Projections

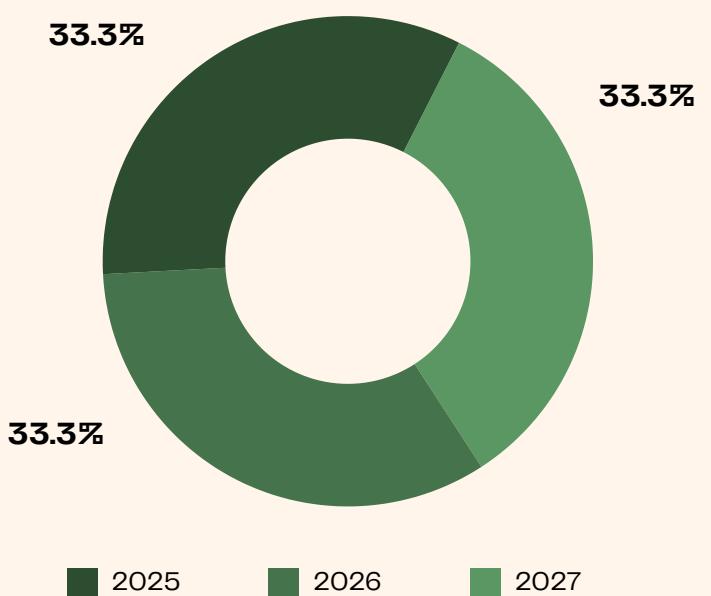

Financial projections in packaging Ecopark content show how much money a project will make and spend. They help companies plan their green projects and get investors.

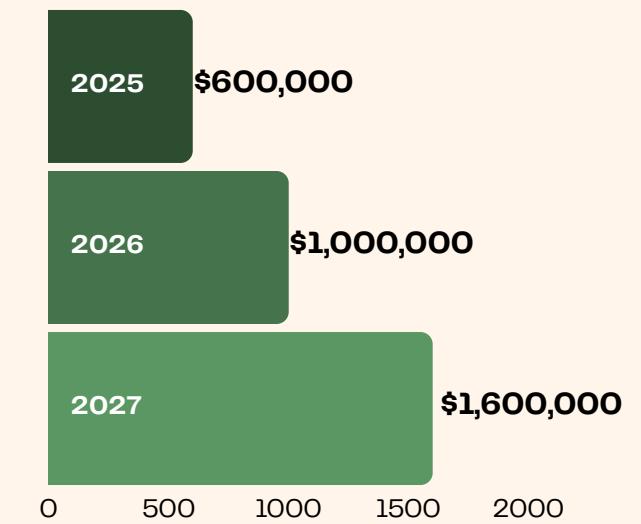

## Projected Revenue

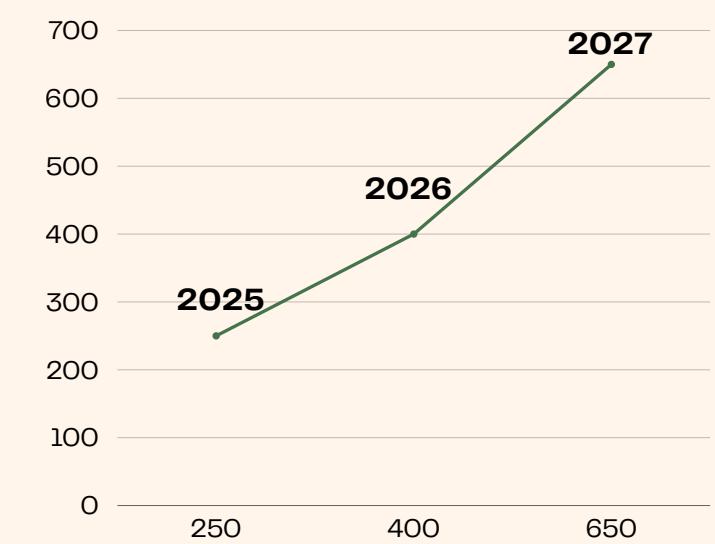

## Anticipated Profit Margin

## Gross Profit

## Operational Costs

# Funding Ask

We are seeking \$150,000 to scale our operations. Funds will be allocated to

**\$67,500**

Product development

**\$52,500**

Marketing &  
Customer  
Acquisition

**\$22,500**

Team & Operations
